Hello Lioness,

At our last Cabinet meeting during the Club announcements we heard about the upcoming Christmas bazaars held by various clubs. The meeting was in September and I recall thinking "I can't believe that we are talking about Christmas already". Well, here we are 7 weeks away from December 25<sup>th</sup> and it's still hard to fathom that Christmas is just around the corner and approaching fast. So, why not get a car load of your Lioness friends together and head out to the bazaars; and, while starting your Christmas shopping you will be supporting your colleagues in their fund raising to serve their communities.

I am most proud of our Past District President Paula Bax as she will be presented the prestigious Helen Keller Award at the next MDA meeting. Currently Lioness Paula is the president of the London East Lioness Club and continuously shows her commitment to her club and to the Lioness family. Congratulations Lioness Paula!

At this writing I have had the pleasure of visiting with the Port Stanley and the London East Lioness Clubs. It was very interesting to experience two very different clubs (one with 44 members and one with 11) who hold Lioness values to the same degree. Both clubs "make it work" and are most successful. And, both clubs use humour and kindness in the running of their meetings. Well done.

As well as looking forward to meeting each one of you during my visits, I am looking forward to seeing many of our Lioness at the Laugh and Learn in Kingston in a couple of weeks. There's nothing better than sitting with Lioness friends and having a few good belly laughs while we get to know each other better. See you there!

Yours in Lionism

***District A-1 President Lioness Trudy Brown***

## **Make remembrance more than something you feel. Make it something you do.**

Each year, from November 5 to 11, Canadians join together to celebrate Veterans' Week - this year is no different.

During this week, hundreds of commemorative ceremonies and **events** will take place across the country to recognize the achievements of our Veterans and honour those who made the ultimate sacrifice.

This Veterans' Week, take the **remembrance challenge**. There are many ways to show that you remember and honour our Veterans:

- Pin a poppy above your heart.
- Attend the local Remembrance Day **ceremony**.
- Talk to a friend or relative who has just returned home from Afghanistan or who served in other areas of conflict.
- Listen to Veterans talk about their experiences.
- Visit the Veterans Affairs Canada Facebook **fan page**, write on our wall and share how you remember.
- Follow Veterans Affairs Canada on **Twitter** and tweet about how you remember
- Change your Facebook profile picture to a poppy.
- Blog, tweet or update your Facebook status about the importance of remembrance.
- Plant a **Garden of Remembrance**.

Above all, we must vow never to forget. However you choose to remember, be sure to share with everyone you know. Together, it is our duty to pass on the legacy and keep the memories of our Canadian Veterans alive.

## **This Veterans' Week, *take time to remember***

### **Canadian Virtual War Memorial (CVWM)**

<http://www.veterans.gc.ca/eng/collections/virtualmem>

Included on this site are the memorials of more than 1,700 soldiers who died in service to Canada since the Korean War, including peacekeeping and other operations. The site also contains digital images of photographs and personal memorabilia about individual Canadians. The purpose of the Canadian Virtual War Memorial is to recognize and keep alive the memory of the achievements and sacrifices made by those who served Canada in the defence of freedom and so have contributed to the development of Canada as a nation.

**At last, an explanation!!**

Ever walk into a room with some purpose in mind, only to completely forget what that purpose was? Turns out, doors themselves are to blame for these strange memory lapses. Psychologists at the University of Notre Dame have discovered that passing through a doorway triggers what's known as an event boundary in the mind, separating one set of thoughts and memories from the next.

Your brain files away the thoughts you had in the previous room and prepares a blank slate for the new locale.

It's not aging, it's the door! Whew! Thank goodness for studies. 😊
